

Please consider my comments as I listen to
90.7 fm on an almost daily basis.
KLove serves me in this community
by giving me positive listening enjoyment
as I go to and from work and drive around
the cities every day.
This community would be missing positive
broadcasting if this station went off the air.
This would be broadcasting that noone has to be
embarrassed to listen to.
I believe that KLove serves the public interest
by providing uplifting listening enjoyment that
is a breath of fresh air in our daily lives.
Thank you for reading this and for considering
my comments as I support this station financially.
